FURNITURE INC.

Generation Next Collection

Safety Gate® CRIBS

Provide easier access to reach over into the crib by providing about 8-9 inches of extra space. Great for parents of all heights.

Additionally, Safety Gate cribs:

- Are childproof, as an adult armspan is required to operate.
- Prevent climbing out with the extra height of the gate.
- Give babies an extra 6-8 months in crib.
- Convert to toddler bed free of charge.

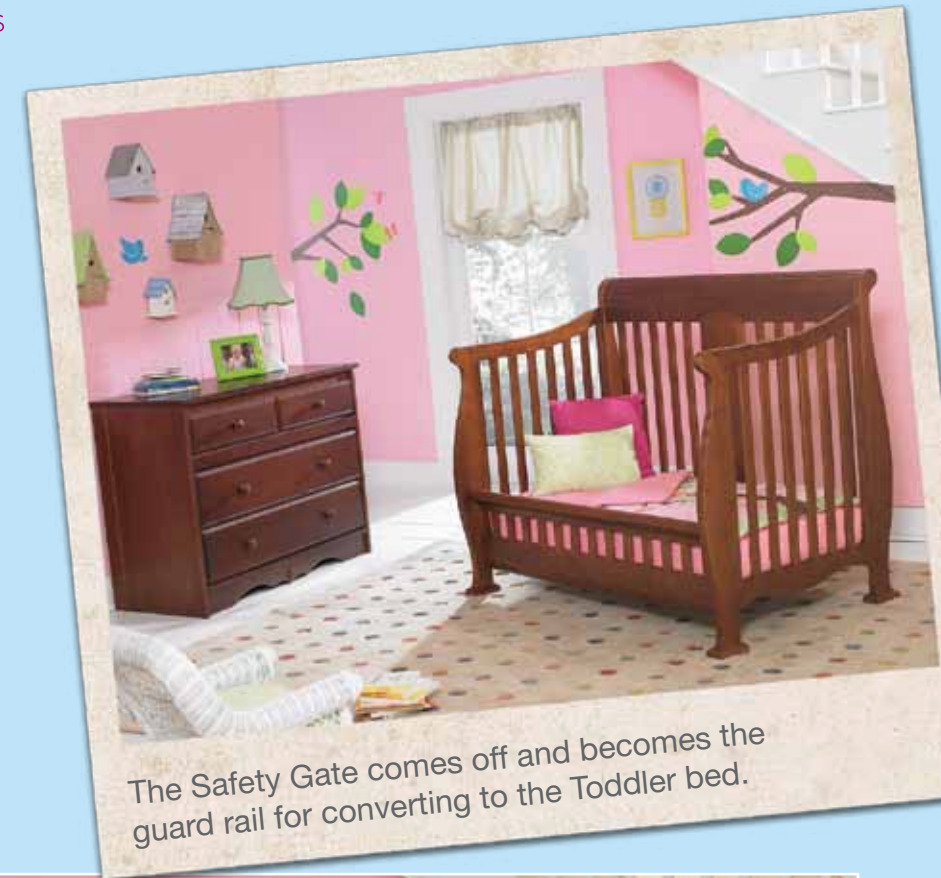

Flip-Over Dresser
1st use as a Changer, then simply flip over to convert into a Single Dresser. (complete with 2 sets of drawer glides)

Kathryn Crib

with Generation Next dressers
Constructed of 100% Solid Wood, the Kathryn convertible crib coordinates beautifully with the Generation Next family of dressers.

The Safety Gate comes off and becomes the guard rail for converting to the Toddler bed.

Kathryn is one of the easiest cribs to bend into because of the Safety Gate.

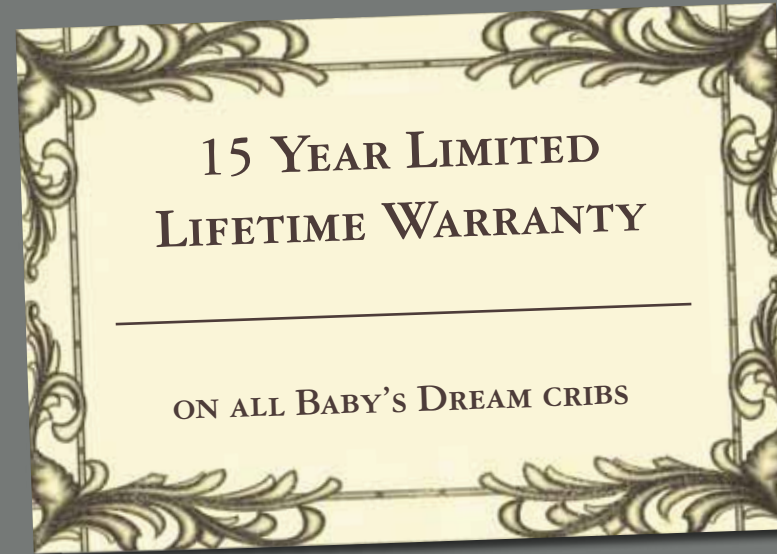

Converted to Full-size bed

Serenity Crib

A timeless sleigh design perfect for boy or girl, Serenity is a stationary crib, constructed of 100% Solid Wood that grows with your child for years of usage.

THE BABY'S DREAM DIFFERENCE

Dovetail Drawers and Metal Drawer Glides.

Oversized dimensions for longer usage.

Built from sustainably harvested wood. For every tree used, 2 are replanted.

The Toddler bed is a great in-between transition before going to a "big kid" bed.

Converted to Full-size bed

Solid wood construction throughout.

Built in our Buena Vista, Georgia factory.

1. CHOOSE YOUR PREFERRED CRIB STYLE:
