

Baby's Dream Furniture, Inc.
November 18, 2009

Dear Retailers,

We are sending the latest compliance documents to update your in-store binders. Please note that these are **in addition** to the current compliance and lab reports you already received from the beginning of the year.

The previous testing reports and documents in your binders should be kept on file, as they are proof of our compliance with the CARB standards (low formaldehyde emissions) since January 2009.

Just a reminder - the enclosed CARB certificates are only applicable on collections that use MDF, which are CUBE, Cocoon 1000 & 7000. **ALL** other collections from Baby's Dream/Cocoon are **solid wood, and therefore contain zero formaldehyde.**

Key Points to educate your consumers:

- **CARB** (California Air Resources Board) two-phase program to control airborne emissions is **only applicable for California market; no other state has adopted the same standards.**
- As of last week, the deadline for implementing **CARB Phase 1 has been extended till December 2010.** This allows extra 6 months for retailers in California to sell through old inventory.
- **All Baby's Dream/Cocoon** collections are already **in compliance** with the California standards for low formaldehyde levels almost 2 years in advance before the full implementation (**both Phase 1 and 2**). Most importantly, **we have adopted CARB standards for every state, not just California.**

Also you can see from the enclosed reports, **we go well above the current regulations** to ensure even the **hardware** we use (hinges/metal glides/wheels/rod covers) that can come into contact with a baby's mouth is **lead-free and BPA/Phthalates proof.**

We know we are going over board, but when it comes to safety we don't ever take any chance in our products.

CARB Certificate For Formaldehyde Emissions

Starting January 2009, CARB (California Air Resources Board) requires all goods sold to the California market to follow *Airborne Toxic Control Measure (ATCM)* in reducing formaldehyde emissions.

The ATCM requires manufacturers to provide certificate from their manufactured woods or MDF (medium-density fiberboard) suppliers to verify compliance with the new formaldehyde emissions standards.

Although CARB is a regulation that only California has mandated, Baby's Dream has voluntarily made all of the products in compliance for its customers across the country.

CARB CERTIFIED MANUFACTURER
TPC2/CARB-ATCM/725-8R034-1

Phase 1 and 2 PB

Relating to Professional Service Industries (TPC-2) Qualification of Manufacturers Section 93120.12 Appendix 2, Title 17, California Code of Regulations

Asia Dekor (Huizhou) Woods Co., Ltd.

Professional Services Industries (PSI) has received a completed application by the manufacturer of composite wood products for third party certification.

The manufacturer demonstrates compliance of composite wood products with section 93120.2(a), Title 17, California Code of Regulations at the manufacturer's production line at:

Asia Dekor (Huizhou) Woods Co., Ltd.
Hengli Road, Hengli Town, Huicheng District
Huizhou City, Guandong Province
China

Professional Service Industries, Inc. (TPC-2) has audited the manufacturer as required in section 93120.3(b), Title 17, California Code of Regulations.

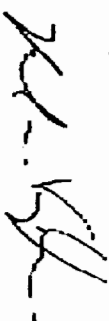

The manufacturer passed the initial (qualifying) secondary test method at the Third Party Certifiers laboratory in Eugene, Oregon 93120.12 Appendix 2 (f) (1). All requirements as described in 93120.12 Appendix 2 - Section 2 have been met.

Products sold as CARB Compliant Composite Wood Products are subject to a license agreement between the manufacturer and PSI. Labeling requirements according to section 93120.3(e) and 93120.3(f) are applied in accordance with the manufacturer's PSI license agreement.

This document is valid until one year from the date of issuance. Date Issued: Tuesday, November 11, 2008

Test Report

No.: GZ0902010461A/CHEM

Date: FEB 26, 2009

Page 2 of 3

Test Results :

1) Lead in paint/similar surface coating material

Method: With reference to ASTM E1645-01 (2007) and E1613-04.

Test item	No.1	Permissible Limit*
Lead (Pb)	ND	0.009%
Comment	PASS	---

* Comment is based on the 0.009 % limit requirement, effective 14 August, 2009. The current permissible limit is no more than 0.06 %

Note : 1. % = percentage by weight
2. ND = not detected
3. Method Detection Limit = 0.0020%

2) Phthalates

Method: With reference to ASTM D3421-75. Analysis was performed by Gas Chromatography / Mass Spectrometry.

Toys and childcare articles

Test item	No.1	Permissible Limit
Dibutyl Phthalate (DBP)	ND	0.1%
Benzylbutyl Phthalate (BBP)	ND	0.1%
Bis-(2-ethylhexyl) Phthalate (DEHP)	ND	0.1%
Comment	PASS	---

Toys that can be placed in the mouth and childcare articles

Test item	No.1	Permissible Limit
Diisononyl Phthalate (DINP)	ND	0.1%
Di-n-octyl Phthalate (DNOP)	ND	0.1%
Diisodecyl Phthalate (DIDP)	ND	0.1%
Comment	PASS	---

Note : 1. % = percentage by weight
2. ND = not detected
3. Method Detection Limit for each of DBP, BBP, DEHP and DNOP = 0.003%
4. Method Detection Limit for each of DINP and DIDP = 0.01%
5. Effective Date = 10 February 2009

Remark: The result(s) of specimen is/are of the total weight of dry sample.

Sample Description:

No.1 Lt-yellow wet paint

Sample Receiving Date : October 28, 2009

Testing Period : October 28 to November 03, 2009

Test Requested : 1. As specified by client, selected parts of the submitted sample(s) for compliance with Public Law 110-314 (Consumer Product Safety Improvement Act of 2008, CPSIA):-

- 1-1) Lead in accessible substrate materials
- 1-2) Phthalates

2. To determine Lead and Heavy Metal contents in the submitted sample in accordance with the American Society for Testing and Materials –ASTM F 963-08.

Test Method/Test Results: Please refer to next page(s).

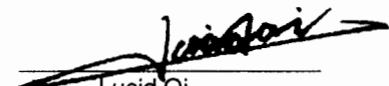

Result Summary :

1.

Item	Test Parameter	Conclusion
1	CPSIA section 101(a)(2) - Lead in accessible substrate materials (including Children's Metal Jewelry)	PASS
2	CPSIA section 108 - Phthalates	PASS

Conclusion : 2. The Lead content and soluble heavy metal of submitted sample does not exceed the stated Requirements ASTM F963-08.
